Mimosa Homes Proudly Presents the Leemore 221

BE THE FIRST TO CALL THIS HOME – DISPLAY HOME LIVING WITHOUT THE WAIT

Beautifully finished, cleverly designed and ready to enjoy, this Mimosa Homes Leemore 221 presents a rare opportunity to purchase a former display home that has never previously been lived in.

Set on a 400m² allotment and offering approximately 22.2 squares, the Leemore is designed to maximise everyday family living. Its large open plan layout brings together the L shaped kitchen, meals and family areas, while a second living space provides valuable separation. Four bedrooms include a private master suite with generous double vanity ensuite and large walk in robe, while a walk in pantry and alfresco further enhance the home's functionality.

Completed with the Ella façade, every element has been brought together as a display home to showcase contemporary Mimosa living.
